From the Town Hall

Savannah is very busy helping to direct the future of Savannah with Vision Workshops directed by Maren King of SUNY-ESF funded by the Town of Savannah and a grant from the New York State Office of Small Cities. They have arrived at several proposals which are included inside this newsletter. The fourth and final meeting will be held in January before the final proposal will be submitted to the Town Board.

The Town of Savannah has joined the Village of Clyde and the Town of Galen in a Joint Comprehensive Master Plan which will address each of the communities' present circumstances and its future potential. This process is just beginning and is looking for input from all ages as it advances. Glenn Cooke of MRB Group is leading the discussions for the development of a plan for all three communities. Both of these will benefit the town in the efforts of working for a better Savannah. Call the Town Hall for ways you can become involved in these processes.

The Community Calendar will soon be put together. If you would like your dates on the calendar, please contact Carol Spellman at 365-3156. The purpose of the calendar is to prevent overbooking on one date.

The Savannah Fire Department are beginning to plan for their 125th Anniversary. They are looking for pictures or artifacts of the Fire Department. Please look in your family albums if your parents, grandparents or great grandparents served as a fireman in Savannah. Contact Jesse Ball at 365-3796. if you have any items that will help in that celebration.
